NEWINGTON CONSERVATION COMMISSION NOTICE OF DECISION

The duly authorized agent of the Newington Conservation Commission, on April 27, 2023, has taken the following action on the application noted below:

APPROVED WITH CONDITIONS

Application 2023-04: The project at 765 Willard Avenue is to install a new 20' x 16' deck (w/piers) within the upland review area. The only soil disturbance will be the excavation to install the required piers. All excess soil will be removed from the site and other disturbed areas will be reseeded upon completion of the project.

The are no long-term impacts to wetland areas. Short term impacts will be mitigated by the installation of silt fence during the construction phase of the project.
