

## Pro Performance (Network)

Pro Performance Network will be a training institute for all athletes young and old. A fully artificial turf facility with netting and a full gym. This facility will also have Golf simulators for all ages. It is a 20<sup>12</sup>k square foot facility that is very clean and spacious. There is plenty of parking and Business starts mostly when the kids get out of school so the businesses that neighbor are closed.

I previously owned ATI athlete training institute in Cromwell Connecticut, but sold it for a bigger more open space in (385 Stamm Rd).

Marcus Hill will be the other partner in this business and we both grew up in Newington playing sports our whole life. We are excited to offer such a great opportunity to the youth, the schools, and the Parks and Rec camps of Newington as we grew up attending them all. It's time to give back, and it's time to build back Newington Sports.

Thank you for your time

KEVIN RIVAL  
MARCUS HILL
